

Software Development — Catalogue (BCIS 2025)

Total: 22 Y1: 8 Y2: 7 Y3: 7

Year 1 CORE (all majors): COMP500, COMP501, DIGD507, COMP507, COMP508 + Choose ONE of MATH502/MATH503

Year 1

COMP500 – Programming Concepts and Techniques (Semesters: S1, S2, SS)

COMP501 – Computing Technology in Society (Semesters: S1, S2)

COMP503 – Object Oriented Programming (Semesters: S1, S2)

COMP507 – IT Project Management (Semesters: S1, S2)

COMP508 – Database System Design (Semesters: S1, S2)

DIGD507 – Mahi Tahi: Collaborative Practices (Semesters: S1, S2)

MATH502 – Algebra and Discrete Mathematics (Semesters: S2)

Note: Choose ONE of MATH502 or MATH503 (Y1 core)

MATH503 – Mathematics for Computing (Semesters: S1, S2, SS)

Note: Choose ONE of MATH502 or MATH503 (Y1 core)

Year 2

COMP602 – Software Development Practice (Semesters: S1, S2)

COMP603 – Program Design and Construction (Semesters: S1, S2)

COMP604 – Operating Systems (Semesters: S1, S2)

COMP610 – Data Structures and Algorithms (Semesters: S1, S2)

COMP611 – Algorithm Design and Analysis (Semesters: S2)

COMP612 – Computer Graphics Programming (Semesters: S2)

Note: Game pathway: may replace COMP602 and COMP713/COMP721 ONLY with COMP710 also taken

COMP613 – Combinatorics and Graph Theory (Semesters: S1)

Year 3

COMP702 – Research & Development Project (Part 1) (Semesters: S1, S2)

COMP703 – Research & Development Project (Part 2) (Semesters: S1, S2)

COMP710 – Game Programming (Semesters: S1)

Note: Game pathway: requires COMP612; see replacement rule

COMP713 – Distributed and Mobile Systems (Semesters: –)

Note: not running

COMP719 – Applied Human Computer Interaction (Semesters: S1)

COMP721 – Web Development (Semesters: S1)

ENSE701 – Contemporary Issues in Software Engineering (Semesters: S1, S2)
